

**STUDIES IN LOGIC**  
*AND THE FOUNDATIONS OF MATHEMATICS*  
Previous Volumes in the Series

- Volume 134: Logic, Methodology and Philosophy of Science IX** (1994)  
D. Prawitz, B. Skyrms, D. Westerståhl (Editors)
- Volume 135: Logical Frameworks for Truth and Abstraction: An Axiomatic Study** (1996)  
A. Cantini
- Volume 136: Admissibility of Logical Inference Rules** (1997)  
V.V. Rybakov
- Volume 137: Handbook of Proof Theory** (1998)  
S.R. Buss (Editor)
- Volume 138: Handbook of Recursive Mathematics** (1998)
- Volume 1: Recursive Model Theory**  
Yu.L. Ershov, S.S. Goncharov, A. Nerode, J.B. Remmel (Editors)
- Volume 139: Handbook of Recursive Mathematics** (1998)
- Volume 2: Recursive Algebra, Analysis and Combinatorics**  
Yu.L. Ershov, S.S. Goncharov, A. Nerode, J.B. Remmel (Editors)
- Volume 140: Handbook of Computability Theory** (1999)  
E.R. Griffor (Editor)
- Volume 141: Categorical Logic and Type Theory** (1999)  
B. Jacobs
- Volume 142: Tools and Techniques in Modal Logic** (1999)  
M. Kracht
- Volume 143: Classical Recursion Theory, Volume II** (1999)  
P.G. Odifreddi
- Volume 144: Computable Structures and the Hyperarithmetical Hierarchy** (2000)  
C.J. Ash<sup>†</sup>, J. F. Knight
- Volume 145: Theory of Relations** (Revised Edition 2002)  
R. Fraïssé
- Volume 146: Rudiments of  $\mu$ -Calculus** (2001)  
A. Arnold, D. Niwinski
- Volume 147: Relation Algebras by Games** (2002)  
R. Hirsch, I. Hodkinson
- Volume 148: Many-Dimensional Modal Logics: Theory and Applications** (2003)  
D.M. Gabbay, A. Kurucz, F. Wolter, M. Zakharyashev
- Volume 149: Lectures on the Curry-Howard Isomorphism** (2006)  
M.H. Sørensen, P. Urzyczyn
- Volume 150: Relation Algebras** (2006)  
R.D. Maddux
- Volume 151: Residuated Lattices: An Algebraic Glimpse at Substructural Logics** (2006)  
N. Galatos, P. Jipsen, T. Kowalski, H. Ono
