

Seminar on Constructible Sets

Exercises Session 4

14th March 2018

Exercises

Please hand in your solutions on Wednesday, March 21st.

Note: mentions to results and proofs refer back to those in Devlin.

Exercise 1. Why is Corollary 10.4 immediate from Lemma 10.3? (Hint: notation!)

Exercise 2. Explain how Lemma 10.6 is used in the proof of Lemma 10.7. Be precise: how does one “use the method of 10.6”?
